Comments:

1. You have a great scrum master \*who if I caught pushing to the dev one more time hashylo el course\* 😂
2. Most importantly, I was very very very lenient specially when it came to code structure, github and reviews. So, please for the remaining part work as hard as you can and follow the best practices as much as possible
3. Finally I'd like to congratulate all of you for a great project so far, you were the underdogs the 'BI' team but you managed to impress me with your work, keep it up 💪💪💪
